## **CITY TO START ROADSIDE BRUSH REMOVAL ON KEYSTONE AVENUE**

INDIANAPOLIS – The Indianapolis Department of Public Works would like to remind residents to exercise extra caution as they enter and exit Keystone Avenue northbound from 86<sup>th</sup> Street September 10-12. Today, the Forestry Division will begin removing overgrown brush along the city's right of way on the northbound ramps at Keystone Avenue and 86<sup>th</sup> Street.

The three-day project is an important public safety measure that involves removing brush that has grown into the guard rails, thereby obstructing the emergency and travel lanes. Crews will work from 9 a.m. to 2 p.m. during the project to avoid rush hour traffic.

Traffic arrow boards will be in place to help direct traffic. We encourage drivers to be cautious of workers along the road in this area.

For more information on other DPW projects, please visit [www.indy.gov/dpw](http://www.indy.gov/dpw).
